3 TON STEEL LOW PROFILE FLOOR JACK - AMERICAN EAGLE 250TH ANNIVERSARY EDITION

The combined low-profile frame design and lift range of 3.3" to 20.3" empowers you to lift a broad spectrum of vehicles accessing hard-to-reach lift points

Crafted from high-grade steel with a powder coated finish, it's built to withstand the demands of professional shop use

Effortlessly deliver superior mobility across your workshop or garage floor with our jack's ball bearing mounted rear swivel caster wheels

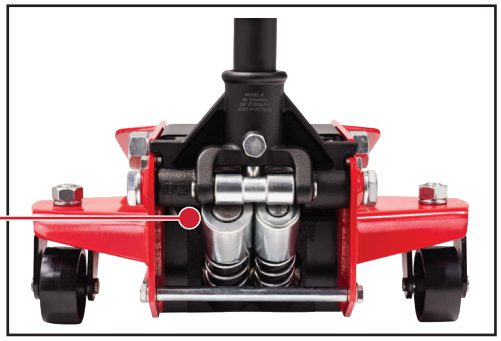

Wide track front wheels for easy maneuverability around your workspace

Knurled handle for non-slip grip

2-piece handle featuring a bumper, enables you to navigate challenging lifting positions with ease

RAPID RISE™

Our innovative Rapid Rise™ hydraulic power unit boasts dual pump pistons, effortlessly propelling the lift arm to your load in record time
