KEEP YOUR TOOLS IN LINE

THIS FLEXIBLE MAGNETIC STRIP ENSURES
YOUR TOOLS & SMALL PARTS STICK AROUND

- Rated up to 15 lbs., this strip ensures tools and parts are easily organized in the engine bay, lift posts, vehicle and on your tool box
- The ultralightweight 2" x 12" flexible design is constructed to accommodate various applications within an automotive technician's workspace
- Designed for easy attachment and removal from multiple surfaces in an automotive environment, enhancing convenience and flexibility

SXMAGSTRIP

2" X 12" FLEXIBLE MAGNETIC STRIP

2" x 12" flexible design is constructed to accommodate various applications within an automotive technician's workspace

High-quality PVC layer safeguards surfaces from scratches and damage while being resistant to common shop fluids

5 high-power rare earth magnets ensure a strong and secure grip on tools and parts

Rated to hold up to 15 lbs, depending on its positioning, these 5 rare earth magnets ensures that tools remain securely in place even when the strip is moved, reducing the risk of tools shifting or falling
