SUNEX Tools Introduces Cutting-Edge EVA Foam Tool Sets Redefining Precision and Organization in Workshops

SUNEX Tools introduces cutting-edge EVA foam tool sets, including the new bit socket set and wrench sets, redefining precision, and organization in workshops. Crafted with meticulous attention to detail, these sets promise unparalleled performance and durability, backed by SUNEX Tools' lifetime warranty.

Greer, SC (February 27, 2023) – SUNEX Tools, a leading innovator in industrial and automotive tools, proudly unveils its latest collection of EVA foam tool sets, designed to elevate precision, durability, and organization in professional workshops.

9737 – 3/8" Drive SAE & Metric Hex, Torx®, Tamperproof Torx®, Phillips®, Pozidriv® & Slotted Socket Bit Set in EVA Foam

Experience unparalleled precision with the 9737, 37-piece bit socket set from SUNEX Tools. Crafted with meticulous attention to detail, this comprehensive ensemble comprises 37 sockets covering 7 distinct types, including SAE Hex, Metric Hex, Torx, Tamperproof Torx, Phillips, Pozidriv, and Slotted, ensuring versatility for every task. Manufactured with S2 steel and finished with manganese phosphate, each socket is engraved for easy size identification, promising longevity and precision. The set comes

organized in EVA foam storage trays for fast access and instant tool identification, while the full polish chrome socket bases, heat-treated for durability, meet ASME and ANSI specifications, guaranteeing reliability in every use all backed with the SUNEX Tools Lifetime Warranty.

9909 - SAE 12 Point V-Groove Wrench & 9911M - Metric 12 Point V-Groove Wrench Sets in EVA Foam

Elevate your craftsmanship with precision-engineered wrench sets, meticulously designed to redefine durability and organization. Featuring an anti-slip Radius V-Groove open end design, these sets ensure a secure grip while preventing fastener rounding. Crafted from heat-treated

chrome vanadium, they exemplify strength and longevity, promising unwavering performance across diverse tasks. Sizes stamped on both sides of each wrench facilitate effortless identification, saving valuable time during projects. With 13 sizes each, covering ranges from 1/4" to 1" for the SAE set and 7mm to 19mm for the Metric set, versatility is guaranteed for tackling any project with confidence.

About SUNEX Tools:
