

SUNEX[®]
T O O L S

**115° ANGLE HEAD DESIGN
PROVIDES OPTIMAL ACCESS
TO TIGHT, AWKWARD AREAS**

- **Strong 0.5HP Motor** - Delivers high-speed performance for demanding applications, weld grinding, polishing, and gasket removal
- **115° Angle Head Design Ideal Reach in Tight, Awkward Angles** - perfect for auto bodywork, brake cleaning, and prep
- **Adjustable Power Regulator** - Enables precise speed control for working on different materials with maximum efficiency and safety
- **Lightweight Composite Body** - Weighs just 1.6 lbs. and is built for durability while reducing operator fatigue during long grinding sessions

SX5204

0.5 HP 115° ANGLE DIE GRINDER

115° angle head design offers the ideal reach and positioning for tight or awkward angle

Ergonomic overmold grip provides a comfortable non-slip hold and reduces vibration for improved handling and control

Adjustable Speed Control

Safety lock trigger helps prevent accidental start-up, adding an extra layer of safety in busy or mobile work environments

Rear exhaust system directs air and debris away from the work surface and operator, maintaining visibility and a cleaner workspace

SPECIFICATIONS FOR SX5204

Collet Size	1/4"
Free Speed	18,000 RPM
Length	8"
Width	3"
Average Air Consumption.....	6 CFM

Maximum Air Pressure.....	90 PSI
Air Inlet.....	1/4" NPT
Minimum Hose Size	3/8" I.D.
Sound Level	81 dBA
Weight	1.6 lbs.
