SXBG01K

BLOW GUN KIT

Hanging hook allows for convenient storage

OSHA compliant large diameter Venturi Tip has increased air output capable of quickly drying water and removing broad amounts of dust and debris instantly

Metal housing and improved sealing components provide durable and reliable tool for all environments

Variable flow trigger allows the user to deliver the precise amount of air needed for the job

EVA Foam Organization Storage Tray

3.5" and 4.75" long Extended Length Tips with rubber ends get into tight spaces without scratching anything

Adjustable tip rotates to adjust the air flow to clean dust and debris from parts

Buy a 5 pack and they will be shipped in a display case for easy merchandising
