SUNEX SHOP PRESS SHIELDS

PROTECT YOU FROM FLYING DEBRIS

- Shop press safety shields are custom built for SUNEX presses and provide ultimate safety and compliance with the ASME PASE - 2019 standard
- Each safety shield includes adapters and related hardware to quickly and easily install on the press's movable bolster
- Spring loaded locking levers position the shield at various heights to cover work area
- Shield frame constructed of aluminum extrusion for easy positioning
- Shield is made of impact-resistant Polycarbonate for added safety

**PRESSES SOLD SEPERATELY -
